## Pet Sales Online Marketplace - SJ1430

Online marketplace launched in 2018 for buying and selling pets. This is a perfect opportunity for an animal lover to help people find their new addition to the family.

The platform has proved hugely popular with up to 3 new listings per day and quick sales, with many selling within a week. With 29 million pets in Australia, the business has barely scratched the surface of its potential.

The vendors have currently paused the business to focus on other commitments. A new owner has the opportunity to take advantage of the significant investment they have made into website development and the established brand.

Fully compliant with RSPCA Guidelines for the Online Advertising of Pets.

Many options exist for future revenue streams such as success fees on sale or expanding into pet product sales. This business is truly unique compared with other pet marketplaces in Australia and has the potential to be a major player in this space.
