

Beverage Manufacturing Business (Under Management) - SJ1310

Premium craft beverage manufacturer, producing unique flavours of sparkling water and kombucha. Very simple business model with the owner managing the business in under 10 hours per week.

FY22 profit \$172k.

The business has supply agreements in place with the major supermarket chains to sell into VIC, NSW and QLD. Huge potential exists to build on these partnerships and sell into more supermarkets.

Production is outsourced to a Melbourne-based contract manufacturer, creating a streamlined, hassle-free operation for the owner who simply takes care of admin and order processing. Could easily be setup to run fully under management by outsourcing the owner's role. Overheads are minimal as the business is run from home and has no staff.

Rare opportunity to purchase a highly profitable, low-input business primed for growth.
