

Importer and Manufacturer to the Cleaning Industry - SJ1452

This is a rare opportunity for a cleaning products manufacturing and wholesaling business, specialising in truck-mounted installations for carpet and hard surface cleaning. Very diverse business including servicing, restorations, training, truck mounts and portables. Trading for over 30 years, this business has established itself as a market leader selling nationwide in a sector with high barriers to entry.

Revenue is consistently growing, currently over \$3m per year. A significant portion of this is from servicing & maintenance, providing a regular and predicable income stream.

The owner's role is currently a mix of business management and sales. He is willing to stay on with the new owner in a full-time sales role and has identified a pathway to grow revenue by at least another \$1m. The ideal buyer for this opportunity would be someone with capacity to take over the business administration and management, allowing the owner to focus on sales.

The business has an experienced team of 3 full-time employees on the tools and 2 part-time admin employees.

This would be great acquisition for an existing cleaning products supplier or a savvy entrepreneur looking for a growth opportunity.
