

## Car Dealership - SJ1477

Highly profitable, independent car dealership with revenue in excess of \$10m. Trading for over 10 years, the vendors are reluctantly selling this business to retire, offering a rare opportunity for a motivated new owner to build on their success.

The dealership has diversified revenue streams, including comprehensive after-sales support. There is significant opportunity to grow this by increasing stock holdings. The niche they specialise in is currently experiencing a growth phase.

Well established supply channels provide the business a competitive quality and pricing advantage. The systems, procedures, sourcing channels and extensive customer database will be transferred to the new owner, with the vendor committed to a thorough handover. You will be taking over a reputable and trusted brand with a strong online and social media presence, excellent search engine ranking and online reviews.

The business operates out of premises totalling 1,640 sqm, ideally situated with good freeway access.

The owners work alongside a small hardworking and reliable team. There is significant potential to increase sales by expanding the team with additional salespeople.
